PROFESSIONAL SUMMARY

Software Developer with hands-on experience building responsive and user-focused web applications using modern JavaScript frameworks. Skilled in developing scalable frontend architectures and familiar with backend development using Node.js, Express, and MongoDB. Experienced in collaborative software development, API integration, and component-based UI design. Passionate about building efficient digital solutions and continuously improving full-stack development skills.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, TypeScript, React
- **Tools:** Git, GitHub, VS Code, Postman
- **Core Skills:** Debugging, Problem Solving, Team Collaboration, API Integration, Responsive Design

WORK EXPERIENCE

Front-end Developer Intern

Nexus Fellowship | 2026

- Collaborated with a development team to design and build a responsive e-commerce web application.
- Developed reusable UI components including product cards, navigation bar, buttons, and form systems using React and TypeScript.
- Implemented dynamic product rendering and structured state management for scalable UI behavior.
- Ensured full responsiveness across mobile, tablet, and desktop devices using Tailwind CSS.
- Participated in collaborative development workflow, improving teamwork, version control, and project structuring skills.

Software Developer Trainee

SAIL Innovation Lab | 2025

- Developed responsive web applications using React, TypeScript, and Tailwind CSS.
- Applied Git and GitHub for version control and collaboration.
- Built UI replicas and improved frontend architecture understanding.
- Strengthened debugging and real-world problem-solving skills.

PROJECTS

- Built responsive UI replicas inspired by platforms such as PiggyVest, Meta, and Moove.
- Implemented reusable component-based architecture using React and TypeScript.
- Focused on clean UI structure, responsiveness, and performance optimization.

EDUCATION

Bachelor of Education (B.Ed.), Primary Education Studies
University of Ilorin | 2023

TRAINING & CERTIFICATIONS

- Software Development Program – SAIL Innovation Lab (2025)
- Virtual Assistant Program – ALX Africa (2022)
- Soft Skills Training – Jobberman (2021)
- Directly Observed Polio Vaccination (DOPV) Monitor – WHO (2024)
